THE KINDERGARTEN STARTERS, DUBAI
CIRCULAR
Sub: Thank you Dear Parents

16/02/2017

Dear Parents,

We have been honoured by His Highness Sheikh Mohammed, Vice President and Prime Minister of Ruler of Dubai and Founder of Dubai Cares for our continuous support to Dubai Cares during the last five years which has enabled the education of 16 million children from 45 developing countries.

I received the honour on behalf of all our children, parents and staff who have supported us to make every event we have conducted to raise funds. We are the only school in Dubai recognized for philanthropy and a generosity of spirit that comes to the front whenever there is a need. Over the years your children have contributed to Carnivals, Mufti Days, Art Auctions. Rice bucket Challenge, Walk for Education and many, many more.

Today I wish to thank you for inculcating that generosity of spirit in our children. This is what the world needs and we have led by example. Every individual who teaches his or her child to give without question, to give not knowing where your good deed goes, to give again and again will receive the blessings unasked in his or her life. We teach not just to educate the mind but to touch the hearts of our children.

Thank you yet again from all of us at The Kindergarten Starters.

Thank you.
Warm regards,

Asha Alexander
Principal
