

Dear Parents,

Ramadan Kareem!

In this auspicious month of Ramadan, we are focusing on the practice of tolerance and generosity and are especially delighted to acknowledge the contributions of our parents who have gone out of their way to embed this learning in our children through their actions. We are privileged to have parents who work alongside us to help realize our vision to build a school ethos of respect, caring, kindness, tolerance and generosity. It is wonderful to see so many parents taking an active role in the life of our school. We can only get better when we have such an amazing parent body!
