

THE KINDERGARTEN STARTERS, DUBAI

KGS/ C/882-17

CIRCULAR

22/11/2017

Dear Parents,

Each week brings news of significant achievements by our children on different fronts. Our students participated in the Arabic Reading Competition at the Indian High School where our students were the second runners up. We are exceedingly proud of our young students and the teachers who trained them to excel.

The Kindergarten Starters team won the GMCA Inter School Champion Cricket Trophy 2017 against DPS Dubai beating them in two successive matches (best of three) to claim the title. In the first match, KGS scored 230/2 and Khushal was declared the man of the match scoring 153 runs in just 56 balls. In the second match Sreehari won the man of the match for a brilliant bowling performance taking 3 wickets in 3 overs and conceding just 6 runs. A truly superlative performance from our boys and their dedicated coach Paramjit Singh and his team.

The collection for the Rohingya Crisis has been marvelous with almost 100 cartons already packed and ready for dispatch. We are exceedingly grateful to our students and parents for their wonderfully warm gesture. Our students spent World Children's Day sorting and packing the items so that the Rohingya refugee children would experience some happiness on account of their effort.

Our students participated in a Clean Up drive around the school clearing it of litter, cigarette butt and plastic waste. This exercise was undertaken alongside Dubai Municipality to teach our children the importance of keeping the environment clean.

Twenty students of the Kindergarten Starters collected 3452 cigarette butts from Kite Beach in 45 minutes. Five outstanding students were selected to compete in the Beach Clean Up competition against other schools and universities.

"Your living is determined not so much by what life brings to you but by the attitude we bring to life", said Khalil Gibran and I am proud of the great attitude of my students, staff and parents that make the Kindergarten Starters a truly remarkable place to learn and grow.

Warm regards,
