

THE KINDERGARTEN STARTERS DUBAI

KGS/C/935-18

CIRCULAR

10-02-18

Dear Parents,

Further to my earlier circular (KGS/C/931-18) regarding our official attempt for the Guinness World Records' on 25th February, 2018, I need to intimate you that there has been a change in our official bid.

In our earlier proposal we had planned to create the largest human picture using children in different colored t shirts and caps. The GWR authorities told us that that formation record stands at 34,000 people. We are now attempting to form the largest human mosaic made by people including all our children and staff.

This requires all of them to wear any black T shirt, preferably without any print, their dark blue trousers/ shorts / skirts and black shoes and socks. The money collected goes towards printing the tiles on foam boards that the children will carry to create the image.

The formation will take place at the school premises on 25 February, 2018 and will be widely covered by Press, Radio and Social Media in Arabic and English. Our official auditors for the event are Ernst and Young and the Guinness World Record officials will oversee the formation.

We want to put KGS on the world map in paying tribute to a visionary leader. This is a unique first time effort with children between the ages of 5 and 10.

We thank you for your support and cooperation and we hope to provide wonderful opportunities for our children throughout the year to celebrate The Year of Zayed.

Warm regards,

A handwritten signature in black ink, appearing to read 'Asha Alexander', written over a horizontal dashed line.
