

THE KINDERGARTEN STARTERS - DUBAI

CIRCULAR

11/03/2018

KGS/C/ 949-18

Dear Parents,

The **Guinness World Record** authorities were so impressed with the commitment and diligence of our young students who braved inclement weather in their first attempt that they are pleased to offer us a second attempt to commemorate the '**Year of Zayed**' on Tuesday, March 20, 2018.

We think this is a wonderful opportunity for children to learn resilience. We want them to recognize that they can learn from failure, correct their mistakes and overcome all obstacles to clinch that record.

Our parents have shown outstanding support to us throughout and we have considered all your advice and suggestions as we go into the next attempt. However, we need all our children to be present to break the record and so we hope you will encourage all our children to be present every day. We need your assistance in this regard.

Our children need to make optimum use of this opportunity and practice to be perfect on D-day. Kindly make sure that your child attends school every day.

KG students need to attend school till 20th March on account of the GWR attempt.

Looking forward to your cooperation.

Warm regards,

Asha Alexander
Principal
