

Dear Parents,

Welcome to a new academic term. Among the several changes we have made, after piloting the same for 3 months, is the new bell timing for the school. It incorporates transition time to enable students to either move between lessons or take a short rest break if required to visit washrooms more often thereby ensuring that the washrooms are not crowded in the break time enabling better hygiene in the washrooms as well. These are in addition to the 2 breaks which were in existence for students earlier.

We have also reduced the number of lessons everyday by incorporating 55 minute schedules. This ensures a lighter load as they carry fewer books and the home work assigned will also pertain to the core subjects they have each day.

All buses will now reach school by 7:45 a.m. to ensure that this is effective. The assembly is from 7:50 -8:00 am and classes will commence at 8:00 am every day. Own transport students are expected to reach school on time and parents are requested to take note of this new schedule beginning 05 April, 2018. Buses will leave the school premises by 2:15 p.m.as before.

We look forward to your cooperation and support to make learning effective for all our children. There will be no changes to the KG Schedule which will operate between 8 am and 12 noon.
