

THE KINDERGARTEN STARTERS - DUBAI

KGS / C/960-18

CIRCULAR

09/04/2018

Dear Parents,

This is to bring to your notice that we are strengthening our Health and Safety procedures and as a result **no parent will be allowed inside the bus park area to pick up their child.** Please refrain from calling drivers and arranging to pick up your children from the bus park area. We often receive this information very late when a child has left the campus in such cases as parents are not reporting directly to the teacher or Supervisor. If you should want to pick up your child in an emergency, please inform the reception and please wait until your child is brought to the reception by the concerned Supervisor.

**All students who leave the campus with their parents require an Exit Slip to be signed by the Teacher/Supervisor.** The Security personnel at the Gates have been instructed not to release students without an Exit Slip.

Parents who use Own Transport are requested to come to pick up their children at 12 noon for KG and 2:05 p.m. for Grades 1-5 and to **collect them from the Own Transport Rooms and not from their classes.** Students will not be allowed out early every day and parents are discouraged from approaching class teachers at the dispersal time.

Please assist us in ensuring safety and discipline in the school in the interests of all children.

Regards

Asha Alexander  
Principal
