

Dear Parents,

In order to support the learning of Arabic in the school, we are beginning the provision of additional support classes as part of the Afternoon Activities for Advancement (AAA) program but with a difference. These classes will be delivered twice a week through an online portal. Our Supervisor will check and monitor the quality of these sessions. This provision is for Grades 1-5 and each Year Group will have a devoted teacher who is excellent in the subject to provide additional support. There will also be provision for classes for beginners who have little or no knowledge of Arabic.

The classes will be held on Mondays and Wednesdays. If there is a huge response, we will make these slots available on Sundays and Tuesdays as well. The cost of the provision for 8 classes a month is AED 315/- (inclusive of VAT) per student. We do hope this will be a helpful provision for those who wish to opt for it.

Warm regards,

**Asha Alexander**
