THE KINDERGARTEN STARTERS - DUBAI
CIRCULAR
Sub: October Updates.

09/10/2018

Dear Parents,

As a school supporting sustainable practice, we are encouraging students to bring old newspapers and deposit it in the new collection bin which is being sponsored by TREEWISE PENCILS.

This will enable us to gift your children with a pencil in return to make them understand that paper can be recycled and used for a good purpose right in the school!

This is also a part of their learning about reducing, reusing and recycling paper so that they can save trees, one pencil at a time!

We are also happy to inform you that all classrooms have been fitted with LED lights which will improve the light intensity while reducing consumption and cost in the long run.

We are continuing to invest in our premises and improve our facility for all our children. KG classes have all been remodeled and new carpets are being purchased.

The school has arranged with Zulekha Hospital, Sharjah and NMC Hospital Dubai to have a free mammogram for mothers this October. The mammograms are done between 9 am and 9 pm until October 31st so please avail this opportunity as we are raising awareness regarding breast cancer this month. In this connection if any parent or child wishes to donate hair for making wigs for cancer patients, please do let us know. We already have 2 little girls who have volunteered to donate their hair. We are proud of their selfless act.

We hope to take on the modification of Grade 1 in the next phase. Pottery classes are set to begin this week and student work on ceramic tiles will find a pride of place at our school entrance and in the quadrangle.

Our students experienced a wonderful workshop with Awecademy and I was proud to witness their learning skills and their curious minds as they were exposed to biotechnology and futuristic thinking.

There is much more planned for our children as we look forward to raising funds to support Syrian refugees this time by building a school in Palestine. I know as always our parents will support our every endeavor.

Please do write in and let me know of other changes you might like to see. If we can make it happen, rest assured we will!

With regards,

Asha Alexander
Principal
