Dear Parents,

SUB: Registration for MaRRS International Spelling Bee, Primary Colors and MaRRS International Math Bee

MaRRS International Spelling Bee is a tool for language improvement and motivates students to learn independently. The self-paced learning improves retention and results in a systematic and structured understanding of the English language.

MaRRS International Math Bee is a wide-ranging math competition with an inventive platform for creating and sustaining interest in mathematics as a stepping stone to discover the truth and beauty of the subject. Students are exposed to problem solving, data analysis, general and applied mathematics with an emphasis on theoretical and conceptual cognisance of the subject.

The MaRRS "Primary Colors" is a learning initiative from MaRRS Intellectual Services Pvt. Ltd, India to nurture the "wonder years" of the tiny tots'. The MaRRS Primary Colors program carefully combines aesthetically pleasing, creatively designed activities to encourage the tiny tot's imagination and interaction with the world.
