

Dear Parents,

As a world first school with UN accredited climate change teachers, KGS has taken a pledge to plant 15000 trees every year. With the Amazon forests burning and the glaciers melting this is the need of the hour and every one of us needs to act now! The climate literacy lessons are already a part of everyday lessons at KGS.

As climate change ambassadors every single child at KGS will be planting a tree over this academic year under the 'Plant A Legacy (PAL)' Campaign. We request each one of you to contribute **AED 10/- (before 12th September)** towards planting a tree so that we will be able to leave a legacy of a healthier and greener planet for our children.

We are partnering with several organizations in the community such as the Dubai Police, DULSCO, Tadweer Water Treatment LLC and others so that we can action our climate change goals. We would like parents also to volunteer for the tree planting campaigns. We already have more than 50 parents who are UN accredited climate change teachers and would request many more to do the course. Most importantly, we need your support in strengthening our actions towards building a sustainable future for our children.

Looking forward to seeing our climate change champions in action.

Thanking you.

Warm Regards,

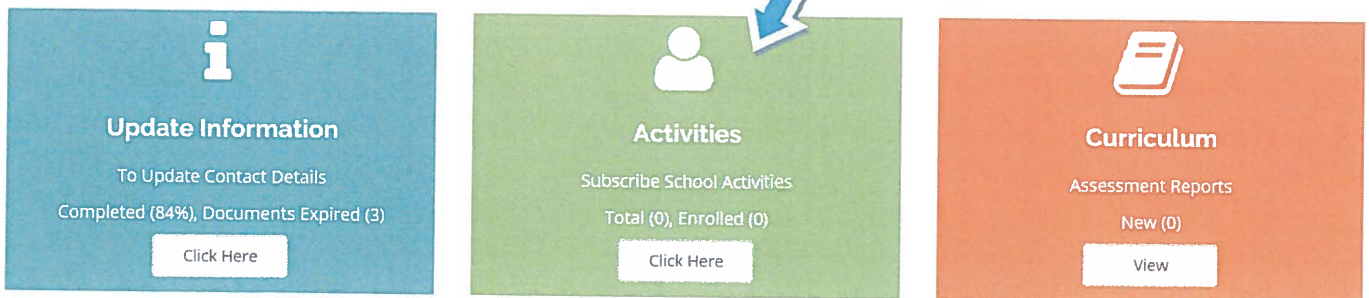

Asha Alexander
Principal
